

BUG News

What is a BUG? BUG is short for Bicycle User Group, simply a group of local cyclists who work towards improving cycling facilities in their local area. For general enquiries about BUGs contact the BTA office.

BUGs are reminded that the deadline for inclusion of news in CITW is approximately 2 weeks before the date of publication. The deadline for the April/May edition will be 18th March 2005.

Articles can be sent via email to the BTA address or direct to the newsletter editor at:

btaeditor@multiline.com.au

Calling all Non-Meat Eaters

Do you go hungry at sausage sizzles? Perhaps BBQs and a chat over coffee are not on your agenda? Jaime Herder is keen to start a cycling group for vegans and vegetarians. If you are interested you can phone Jaime on 9345 0616.

South Perth BUG

South Perth BUG assisted the City of South Perth review its Local Bicycle Plan. BUG members audited the City's local bicycle routes to help identify actions required to improve the safety, amenity and connectivity of the local bike network. BUG members are also involved in the City's TravelSmart/Roadwise Advisory Group and Integrate Transport Planning Working Group.

South Perth BUG is looking for new members. If you are interested in joining then please contact us (see listing in table below).
